

Case Study: Migraines

Jeff's Story

Before Thrive, I was having trouble working and had a hard time playing with the kids. I was a little reluctant at first because of the price and them being out of network with my insurance company, but Thrive is definitely worth the money!

They're very knowledgeable and trustworthy. Dr. Sharpe is great, and so is Anna! This office is a one-stop-shop, very clean environment, and great staff.

Doctor's Story

Jeff, like so many people suffered from nearly daily migraines. Within a few weeks, he began to experience fewer and less intense headaches. He was even able to travel overseas with his family for two weeks and not have any headaches or lost days stuck in hotel room with a migraine.

Jeff's success is definitely due to his compliance to his care plan. He keeps his appointments and followed through with his care instructions both in the office and at home. I am so proud of the results that Jeff has achieved.

Every Patient Is Different. This Is Not A Guarantee Of Results. You may get better or worse results depending on a variety of variables.
